Mr S. H. Chapman, Phila;

Dear Sir; I lately  
bought a lot of Colonial Coppers  
of a local collector who has had  
them from 15 to 20 years.

Among them I find a genuine  
1786 Nova Cor. I'm trying to recall  
I can find but one solid and  
that was in the "Bucknell sale".  
Dickeson's Manual gives one  
in the possession of Dr. Aug.  
Shurtleff of Brookline Mass.

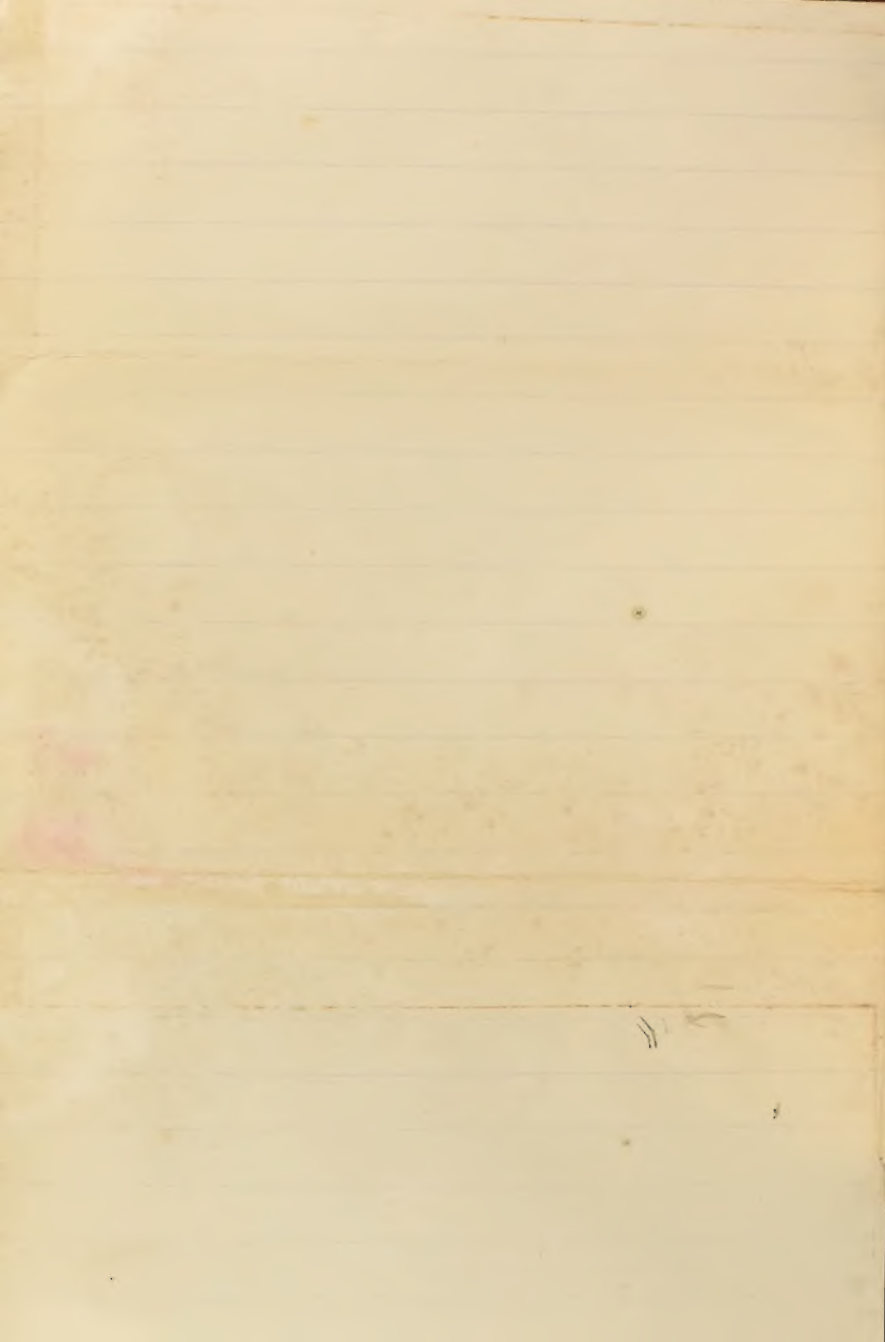

Mine I think would be rated  
fair as the date is very bold  
although about half of the  
legend is gone on each side

If it is as rare as you  
term it (but three known) I  
should like to send it for  
your inspection and valuation.

Yours Truly
